## SUMMARY

B.Pharm undergraduate with hands-on industrial internship experience in Quality Assurance, strong understanding of pharmaceutical manufacturing, SOP documentation, quality systems, and research-oriented workflows. Trained in computational research methods and advanced pharmaceutical instrumentation. Adaptable professional seeking an entry-level role in the pharmaceutical industry, with long-term interest in transitioning into R&D roles.

## SKILLS

- Quality Assurance fundamentals
- SOP documentation & compliance
- Quality Control process understanding Research documentation practices
- Exposure to advanced pharmaceutical instruments
- MS Word & Excel (documentation & reporting)
- Basic industrial software handling
- Attention to detail
- Team collaboration Adaptability & continuous learning

## EXPERIENCE

Pharmaceutical Manufacturing Intern – QA / Bharat Rubber Works Pvt. Ltd., Pandhurna - Pandhurna, IN

06/2025 - 07/2025

- Assisted in Quality Assurance documentation, batch records, and record management
- Observed Quality Control testing procedures and analytical workflows
- Gained exposure to SOP-based pharmaceutical manufacturing operations
- Supported production coordination and operational flow monitoring
- Developed understanding of data accuracy, compliance, and validation practices
- Acquired insight into industry–R&D interface and research-driven quality systems

## EDUCATION AND TRAINING

Bachelor of Pharmacy (B.Pharm): PHARMA

Expected in 03/2026

G.H. Raisonni University, Sai Kheda, Madhya Pradesh - Sai Kheda

## CERTIFICATIONS & LICENSES

Hands-on Training on Sophisticated Industrial Advanced Instruments

National Pharma Conclave – 2025

Computational Research Methods
